Notes about our price list and our service:-

This price list represents the range of equipment that we normally carry in stock. Each manufacturer and importer that we deal with has a wide range of machinery that will not all be listed here so if you cannot see a machine to suit you then please contact us and we will do our utmost to help you.

We aim to provide a wide range of equipment offering good value for money at all times and with an emphasis on the better quality end of the market.

All machines that we supply will normally be fully assembled and where appropriate fuelled & oiled ready to use!

Most machines can be delivered free of charge within our local area.

We offer a **Half Price Service** on any new machines sold during the year provided that they are booked in for service during November or December which is our winter servicing period.

We provide a high quality parts and service backup for all machines that we sell.

In the event of a machine failure during the warranty period, we will give absolute priority to the repair, often providing an immediate or same-day service.

All prices quoted are inclusive of VAT at 20%

The specifications in this price list are intended as a means of comparing products within our product range. They are subject to change without notice and although we do our utmost to ensure that they are correct it is advisable to contact us to confirm exact current specifications and prices prior to purchase.

If you do find the same machinery advertised locally or nationally at a lower price then please contact us as we will always consider matching competitors for local business.

Ideally we want to supply machines within our normal local delivery area (max 30 miles) as we believe that most equipment requires regular maintenance and ready availability of spare parts. There are already too many people selling equipment via the internet, and indeed from larger stores where there is no provision for future servicing or even warranty backup by them. Prices are often attractive but **claims that national service networks are available may be misleading**. Although warranty cover is provided by the manufacturer the actual warranty repair is usually carried out by specialist dealers such as ourselves and our priority is always to look after our own customers as they are where our future lies.

Zero-Turn machines

Steering Wheel Design

1. **Cub Cadet – XZ2 117L** £4799.00 *rrp £5099.00*

Zero-Turn tractor mower with new **Cub EFI (fuel injected) engine giving up to 25% fuel economy**. 117cm 46" cut with Zero-Turn capability. Twin hydrostatic transmission and special steering linkage allows this machine to spin round on its rear axle. Other Zero-Turn machines achieve this by using two steering levers, requiring a lot of operator skill but **this machine uses a standard steering wheel** making it as easy to use as a standard tractor. Other benefits of the system are improved traction and control on slopes and the rear wheels are wider spaced than standard tractors making it more stable. The cuttings can be side discharged or mulched. 234kg.

2. **Cub Cadet – XZ3 122** £6359.00 *rrp £6699.00*

Same design concept as XZ2 but heavier built machine and cutter deck. 726cc Kawasaki V-Twin engine and 122cm 48" cutting width. 312kg.

3. **Cub Cadet – Z1 137** £10169.00 *rrp £10558.80*

Same design concept as XZ machines but heavier build again for professional work. 747cc Kohler V-Twin, fuel injected engine and 137cm 54" cutting width. Height adjustment 26-127mm. 360kg.

4. **Cub Cadet – Z5 152** £13899.00 *rrp £14638.80*

Heaviest built of the Cub Cadet Zero-Turn machines built for professional work. Power Steering. 852cc Kawasaki V-Twin engine and 152cm 60" cutting width. Height adjustment 26-127mm. 680kg.

5. **Cub Cadet – Z7 183** £16499.00 *rrp £18358.80*

As Z5 152 but fitted with 999cc Kawasaki engine and 183cm 72" cutter deck. 732kg.

***** See details of our price promise on page 2 *****

Zero-Turn machines

Lap Bar / Stick Steer Steering

- | | | | |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|---------------------|
| 1. | Cub Cadet – XZ5L107 | £4499.00 | <i>rrp £4769.00</i> |
| | Zero turn mower with Lap-Bar steering system. Castor front wheels and separately driven rear wheels make these machines the most manoeuvrable and productive available. This mower is fitted with a Cub Cadet 679cc V-Twin engine and has a 107cm 42" side-discharge cutting deck with mulch plug. 267kg. | | |
| 2. | Cub Cadet – XZ5L127 | £4899.00 | <i>rrp £5199.00</i> |
| | As XZ5L107 but powered by Kawasaki 726cc OHV V-Twin engine and with heavier duty fabricated 127cm 50" cutting deck. 285kg. | | |
| 3. | Cub Cadet – XZ5L137 | £5849.00 | <i>rrp £6199.00</i> |
| | As XZ5L127 but fitted with 137cm 54" cutting deck. 312kg. | | |
| 4. | Toro ZS4200T Timecutter | £3959.00 | <i>rrp £4399.00</i> |
| | Features and manoeverability of the ZS3200 but powered by 708cc V-Twin OHV engine and fitted with 107cm / 42" cutter deck for larger areas. | | |
| 5. | Toro MX4275T Timecutter | £4679.00 | <i>rrp £5199.00</i> |
| | As ZS4200T but with heavier duty fabricated 107cm / 42" cutting deck and Toro MyRide adjustable seat suspension system for more comfort. | | |
| 6. | Toro MX5075T Timecutter | £4949.00 | <i>rrp £5499.00</i> |
| | As MX4275T with MyRide seat suspension and 127cm / 50" heavy duty cutter deck. | | |
| 7. | Toro Titan 74874 | £5939.00 | <i>rrp £6599.00</i> |
| | Features and manoeverability of the ZS Timecutter range but heavier build more suitable for professional use with Kohler twin cylinder engine and 122cm / 48" cutter deck for larger areas. | | |
| 8. | Toro Titan 74878 | £6299.00 | <i>rrp £6999.00</i> |
| | As Titan 74874 but with MyRide seat suspension system for increased operator comfort on rough or undulating ground. | | |

***** See details of our price promise on page 2 *****

Zero-Turn machines

Lap Bar / Stick Steer Steering - continued

- | | | | |
|-----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|---------------------|
| 9. | Toro Titan 74887 | £6839.00 | <i>rrp £7599.00</i> |
| | As Titan 74874 above but with 137cm / 54" cutter deck. | | |
| 10. | Toro Titan 74889 | £7199.00 | <i>rrp £7999.00</i> |
| | As Titan 74887 above but with MyRide seat suspension system for increased operator comfort on rough or undulating ground. | | |
| 11. | Stiga ZT 5132 T | £5199.00 | <i>rrp £5699.00</i> |
| | Zero turn ride-on mower with Kawasaki FR691 726cc 23hp V-Twin engine , 132cm, 52" side discharge cutting deck with optional mulch kit. These machines are incredibly manoeuvrable due to the separately driven rear wheels, controlled by two steering levers. Cutting time is greatly reduced as no time is lost in turning at the end of a run or shunting around in tight spaces. Height adjustment 38-114mm. Weighs 279kg | | |
| 12. | Stiga ZT 7132 T | £6999.00 | <i>rrp £7599.00</i> |
| | Same engine and cutting width as ZT 5132 T but with heavier built chassis and transmission for heavy / commercial useage. 1 year commercial warranty. Weighs 376kg | | |

***** See details of our price promise on page 2 *****

FRONT CUT RIDE-ON MOWERS

The front mounted cutter decks allow cutting into corners and under obstacles where mid-mounted decks could not reach. Mulching decks are quieter in operation than grass collecting machines and cutting time is greatly reduced as there is no need to stop for trips to the grass tip. Mulching is only suitable where regular cutting is possible however

Many of the current cutter decks can be used in either mulching mode for a fine finish or rear-discharge mode where the grass is too long for mulching. This does require the removal of a baffle from under the deck.

The Stiga machines comprise of rear-wheel steer and articulated steering. With rear-wheel steer machines more care needs to be taken when moving around obstacles as the rear end of the machine will turn towards any obstacle that you want the machine to turn away from. A sharp turn away from a wall might end up with the back of the mower hitting the wall.

With articulated steering the rear wheels always follow the track of the front wheels making it much easier to manoeuvre around obstacles. The steering can feel a bit heavier with this system but many machines now offer power steering, making them extremely easy to control.

Many models also offer 4-wheel drive for improved traction on sharp turns and on slopes.

Two Wheel Drive

- 1. Stiga Park 300M (55)** £2750.00 *rrp £2918.00*
Tractor mower with Stiga ST400 414cc engine. 33.5" 85cm **front mounted**, Combi multiclip, QuickFlip deck with manually operated height adjustment. Hydrostatic transmission. Articulated steering for excellent manoeuvrability which also ensures that the rear wheels always follow the track of the front. Warranty extendable to 3 years. 171kg.
- 2. Stiga Park 300 (95)** £3295.00 *rrp £3458.00*
Tractor mower with Stiga ST450 432cc engine. 37" 95cm **front mounted**, Combi multiclip, QuickFlip deck with electrically operated height adjustment. Hydrostatic transmission. Articulated steering for excellent manoeuvrability which also ensures that the rear wheels always follow the track of the front. Warranty extendable to 3 years. 171kg.

BATTERY POWERED RIDE-ON MOWERS

These are new machines to the market in the UK and offer performance equivalent to their petrol powered equivalents. They are more costly than their petrol neighbours but are much simpler in design with no drive belts or idler pulleys so will be simpler to maintain. The cost of running is also significantly cheaper than petrol.

One major advantage over the petrol machines is their dramatically reduced noise output, making them ideal for use near schools, offices, hospitals etc, as well as having less impact on neighbours.

Collecting.

1. **Alko R85.1 Li** £4999.00 *rrp £5299.00*

Ride-on mower with 81cm / 32" cutting width fitted with 190 litre grass collector and supplied with mulch plug. This machine is powered by a 72v 31Ah **(2200Wh) Lithium Ion battery** and has a run time of approximately 150 minutes. Capable of cutting up to 6000 square metres. Charging time is approx. 12 hours.
Height of cut is adjustable from 25mm to 130mm.

2. **Mountfield Freedom 28e** £3599.00 *rrp £3899.00*

Ride-On mower with 72cm / 28" cutting width and supplied with a 150 litre grass collector. . This machine is supplied with four 5Ah 48V Lithium Ion batteries giving a **battery capacity of 860Wh**. Working area up to 1800 square metres. The batteries supplied can be removed individually and used to power a variety of garden tools. Height adjustable from 30mm to 80mm. 2 year warranty.

3. **Stiga Swift 372e** £3799.00 *rrp £4099.00*

Same basic machine as the Mountfield Freedom 28e but supplied with two 7.5Ah and two 5Ah batteries giving a **battery capacity of 1200Wh** and capable of cutting up to 2000 square metres. 3 year conditional warranty.

4. **Mountfield Freedom 30e** £3999.00 *rrp £4209.00*

Tractor mower with 84cm / 33" cutting width and supplied with a 240 litre grass collector. . This machine is powered by a 48v 30Ah **(1500Wh) Lithium Ion battery** and is capable of cutting up to 3000 square metres. Height adjustable from 25mm to 80mm. Charging time is approx. 6 hours. Conditional 3 year extended warranty available.

5. **Stiga Estate 384e** £3999.00 *rrp £4299.00*

Tractor mower with 84cm / 33" cutting width and supplied with a 240 litre grass collector. . This machine is powered by a 48v 30Ah **(1500Wh) Lithium Ion battery** and is capable of cutting up to 3000 square metres. Height adjustable from 25mm to 80mm. Charging time is approx. 6 hours. Conditional 3 year extended warranty available.
